RE: Code Enforcement Monthly Report

Code Enforcement Report for the month of April 2022:

### Staff Report:

## Code Enforcement Monthly Report

| Case Type                                               | Opened Cases | Closed Cases | Total     |
|---------------------------------------------------------|--------------|--------------|-----------|
| Minimum Housing: Abandoned/Dilapidated/Unsafe Structure | 0            | 1            | 1         |
| Accessory Structures/Fences                             | 5            | 3            | 8         |
| Junk, Abandoned Vehicles                                | 1            | 2            | 3         |
| Trash & Debris/High Grass/Overgrown Vegetation          | 5            | 5            | 10        |
| Work Without Permits                                    | 7            | 5            | 12        |
| Right-of-way Obstruction                                | 6            | 7            | 13        |
| Signs                                                   | 7            | 5            | 12        |
| Stormwater/Fill                                         | 1            | 0            | 1         |
| Construction Site Violations                            | 2            | 3            | 5         |
| Miscellaneous/Other                                     | 8            | 3            | 11        |
| <b>Total</b>                                            | <b>42</b>    | <b>34</b>    | <b>76</b> |

|                                        |    |
|----------------------------------------|----|
|                                        |    |
| New Cases for the month of April       | 42 |
| Unfounded Cases for the month of April | 7  |
| Closed Cases for the month of April    | 34 |

A total of 42 new code case violations were processed and 34 case violations were closed in the month of April. Several unfounded violations were received this month which are not reflected in the monthly count. Several business license and commercial outdoor seating violations were among the number of new code cases. Multiple violation notices were issued, and numerous code case and zoning inspections were made in the month of April; see adjacent table figures. In addition to the normal code enforcement cases; verifying compliance for pool and commercial sign permits/inspections continues as well as assistance in the permit center.

## **Stormwater Department Monthly Report May 2022**

- Up to date with all stormwater plan reviews received from Development Services for new construction, additions, driveways, fill, and pools.
- Currently approximately ten stormwater plan reviews need re-submitted due to corrections and/or additional information requested before approval.
- Working with residents and NC Coastal Federation on possible “Living Shoreline” project locations including Town property.
- Continue to have issues with the 811 Utility Locate (call before you dig) system’s lengthy timeframe between calling and actually being marked. Most times we end up calling the same projects in multiple times and it is common for the projects to not get marked before they expire (15 days). We have been proactive contacting the utility locate company directly and trying new strategies to make it easier on the locators. An example is to locate the entire street on both sides rather than smaller areas on multiple streets when possible.
- Continue to participate in NC Division of Water Infrastructure sessions for stakeholder’s on utilizing \$82 million in American Rescue Plan Act (ARPA) stormwater grant funding in 2023.
- Requested and received bid from Hickman Utilities Inc. for the replacement of failed stormwater pipe on NE 38th Street. The pipe is located at approximately 9-10 feet in depth and below the sewer branch line. Temporary marking and filling of the sinkhole has been completed for public safety before the repair work starts.
- Meeting with W.K. Dickenson on 5/6/22 to review final dune infiltration project plans. Received positive feedback for potential easement on private (ocean front property) for Town to construct additional dune infiltration projects. This type of pro-active planning with local commitments will greatly enhance our grant writing success.
- Continue to add information to the website on many stormwater and related issues. Recently added information concerning pervious concrete including research data from the Federal Highways Administration about its effectiveness and durability.
