### Completed Work Orders

Admin for water and sewer - fielded approximately 322 calls and 38 in office visits.

Admin checked sewer tap info and cost for approximately 27 properties per customer requests.

Admin added approximately 23 new accounts for new home construction.

Admin answered approximately 57 emails from customers and our website.

Approximately 1000 letters were sent out this month to customers with irrigation for Backflow testing.

I would like to note that during the very busy month of July and along with all our normal work, our meter techs had to manually read an extra 450 meters for billing while I worked with Sensus and Southern Corrosion to replace an antenna mount on the top of our E Dolphin water tank.
