

EMPLOYMENT OPPORTUNITY

Job Title: Utility Maintenance Mechanic / Public Utilities Water Department
Hiring Range: Grade 17, \$37,982 - \$46,632 annually (\$18.26 - \$22.42 hourly DOE)
Status: Full-time, non-exempt position
Application Deadline: WEDNESDAY, DECEMBER 28TH AT 4:00 PM

General Statement of Duties

Performs responsible semi-skilled and skilled work in the installation, replacement, repair and maintenance of water and sewer lines and appurtenances.

Distinguishing Features of the Class

An employee in this class performs a variety of semi-skilled and skilled work as a member of a crew engaged in the construction, installation and repair of water and sewer lines. Work involves the operation of construction equipment in the installation, replacement, and repair of water and sewer pipes to specific grade and depth, and back-filling, and compacting the site. Work also includes making taps to water and sewer mains; installing hydrants, meters, and valves; and making repairs to the water and sewer system. Employees are subject to working in both inside and outside environments, in extreme hot and cold weather, and exposure to various hazards such as loud noises, vibration, moving mechanical parts, electrical current, chemicals, fumes, odors, dusts, mists, gases, poor ventilation, and oils. Work is also subject to the final standards of OSHA on blood borne pathogens. Employees are also subject to on-call and call-back work. Work is performed under regular supervision and is evaluated through observation and inspection for adherence to instructions and standard trade and safety practices.

Duties and Responsibilities

Operates or assists with tapping machine to make water and sewer taps and service connections.

Lays water and sewer pipe; adjusts pipe to proper grade and depth and replaces sewer and water lines and related facilities.
