# NEWS & NOTICES

## "OKInsight" Survey Closes This Week

The **OKInsight** ("OK + Insight") **Community Survey** will **CLOSE** at **5:00 PM this Thursday, November 30**.

Participation is already at record levels, but the more input we can receive the better, so take the Survey now if you haven't already or encourage your friends and neighbors to participate as well!

The Survey will help greatly in gathering public input on a wide range of issues impacting the community. The survey is anonymous, however users can provide an email address to be entered for one of eight chances to win a \$25 gift card to Publix.

To participate in the Survey, visit [www.OakIslandNC.gov/SURVEY](http://www.OakIslandNC.gov/SURVEY) or click the link below

## Request For Proposals

The **Town of Oak Island is seeking proposals** from qualified, professional consultants who will assist the Town **updating the Comprehensive Land Use Plan**.

The existing **Comprehensive Land Use Plan** for the Town was developed in 2017, with no updates since. The selected consultants will assist the Town in the update of a **CAMA certified** Comprehensive Land Use Plan, reviewing the vision, goals, implementing actions, and future land uses of the Town. The consultant(s) awarded this contract will have the primary responsibility of developing the Plan document and will work in coordination with the Town of Oak Island's Planning Department.

**Complete submittals must be received no later than 4:30 PM on December 15, 2023.** Submissions received after this deadline may not be considered for further review. If sufficient proposals are received, Town Council will review in January 2024

To download a Bid Information Packet, visit [www.OakIslandNC.gov/BIDS](http://www.OakIslandNC.gov/BIDS) or click the link below.

## Davis Canal Pedestrian Walkover Closure

Beginning on **Monday, November 27, 2023**, the **Davis Canal Pedestrian Walkover** which connects **SE 20th Street** and **19th Place East** will be **CLOSED**.

This closure is to allow for staging of equipment and materials to repair the arched northern section of the walkway, closest to SE 20th Street. This work will compliment the replacement of the southern portion of the walkway, which was completed in 2021 following Hurricane Isaias.

**NOTE:** While the southern portion of the walkway may still be open at times for walking and nature viewing, **thru-traffic to SE 20th Street will not be available until further notice.**

Work will be performed by Evans & Sons Contracting and McPherson Marine, with contracts administered by the Town's Public Works Department. An estimated closure length will not be available until work begins; however all work updates will be provided on the *Projects & Facility Closures* page of the Town Website.

During this closure, the two other Davis Canal Pedestrian Walkovers will remain open at SE 31st Street (to 29th Place East) and SE 9th Street (to 9th Place East).

For updates on the closure and repair progress, visit [www.OakIslandNC.gov/PROJECTS](http://www.OakIslandNC.gov/PROJECTS) or click the link below.

## **Brunswick County Utilities to Convert Back to Chloramines**

On October 19, 2023, the Brunswick County Public Utilities Department began its annual disinfection changeover and flushing program. During the past month, Public Utilities crews have worked to flush water mains and distribute chlorine throughout the County system.

**NOTICE: Brunswick County will convert BACK to Chloramines as the primary disinfectant on December 1, 2023.** Flushing will continue through December.

During this transition period of changing the primary disinfection agent back to chloramines, customers may experience a brief period when there may be a noticeable change in the taste or smell of the water. This is a normal part of the process and water is safe to use. Depending on your location within the distribution system and usage patterns, it could be two to three weeks for your drinking water to transition from free chlorine to combined chlorine. If taste and/or odor problems persist, please contact the Brunswick County Public Utilities Department or your local water provider.

Please note, if you have an aquarium or pond always test the water that you add to your aquatic environment to be sure it is free of any chlorine before adding fish or other animals. Chemical additives with directions for removing either free chlorine or chloramines from water for use in fish tanks or ponds are available at pet/fish supply stores. Kidney dialysis clinics and customers on home kidney dialysis equipment should also be aware of this change.
