March 3, 2025**

---

**WELCOME** to ***THE CURRENT***, the weekly digital newsletter for the **Town of Oak Island, NC.**

It's now March, and whether it's for shamrocks, leprechauns, or the start of Spring, for some reason this month is most associated with the color **GREEN**. However, when we think of green here in Oak Island, our thoughts usually turn to the mighty live oak trees abundantly found throughout Town.

Trees like the one in this week's cover photo, of the beloved old oak in Bill Smith Park named ... uh, well, ***it actually doesn't have a name yet!*** Have no fear though, as you still have **this week to help decide on a name**, as well as several other important Town activities to participate in.

So stop splashing around in the surf, and get ready for a deep dive into this week's edition of ***The CURRENT***.

## ***Manager's Message: Citizens Academy Success***

*From the office of Kathryn Adams, Town Manager.*

This past **Friday, February 28**, we held the **Program Graduation** for our **2025 Oak Island Citizens Academy**. This year's class featured nearly two-dozen students, as seen in the photo below, ranging from new transplants to longtime residents.

Citizens Academy is an invaluable program, and one in which we are proud to say our Town offers at a level very few others compete with. We provide an interactive and truly "hands on" experience, designed to educate and familiarize residents with the departments and services provided by their local government. Over the past few years, this program has grown to become a staple for engaged residents, filling their Tuesday and Thursday nights in the month of February.

This week, we want to give a big ***Thank You*** to all of the residents who participated, as well as the Town Staff, who took their evenings to help present and demonstrate their daily work to the citizens they serve.

If you missed this year's class, don't worry! Plans are already underway for 2026. In the meantime, you can learn more about the ***Citizens Academy*** by visiting [\*\*OakIslandNC.gov/ACADEMY\*\*](https://OakIslandNC.gov/ACADEMY) or click the link below.

# SAFETY BRIEF

## Town-Wide Burn Ban In Effect

This past **Thursday, February 27** the Town issued a **Town-wide Burn Ban** for all areas within the Town limits. This ban is due to the ***very high fire danger conditions*** currently being experienced in the region, and coincided with the **Burn Ban** issued by Brunswick County.

**IMPORTANT: This Burn Ban has NOT been rescinded, and remains in effect until further notice!**

### The Burn Ban:

- **PROHIBITS** open flames from devices such as firepits or outdoor fireplaces, as well as sparklers and all handheld or ground-based fireworks. *NOTE: NC General Statutes 14-410 & 414 already prohibit the use of "explosive or aerial fireworks."*
- **CANCELS** all currently active Beach Bonfire Permits
- **ALLOWS** the use of grills and other enclosed cooking devices.

If at any point an outdoor fire is observed, please **CALL 9-1-1 immediately**. For questions or more information on this Burn Ban, or how to ensure fire safety at your home, contact the Oak Island Fire Department through the Department Contact Form, or click the link below .

## Statewide Tornado Drill

[*NOTE: This information is provided by the National Weather Service, Wilmington, NC*]

This week, **March 2 - 8, 2025** is ***Severe Weather Preparedness Week*** for North Carolina. Please join NWS in promoting severe weather safety this year, where each day this week a different topic will be covered.

On **Friday, March 7** at **9:30 AM**, the National Weather Service in cooperation with local broadcasters will conduct a ***Statewide Tornado Drill***. The alarm test, which will come in the form of a Required Monthly Test, will activate the State Emergency Alert System and be carried by local radio broadcasters. Every school, business, and residence is encouraged to

participate in this drill.

It's really easy: at 9:30 AM on Friday March 7, **take a few moments to practice your severe weather safety plan**, and seek shelter for a few minutes as if a tornado was headed your way. Practicing this when the weather is good will allow you to react more quickly when the weather turns bad.

To view all of the daily messages for Severe Weather Preparedness Week, visit the National Weather Service website at [www.weather.gov/ilm/severeweathernc](http://www.weather.gov/ilm/severeweathernc) or click the link below..
