<b>Application Deadline:</b>	<b>Until filled</b>

---

### General Statement of Duties

Leads and participates in turf management activities such as mowing, seeding, application of pesticides, aeration, and other maintenance of greens, fairways, roughs, sand bunkers and tees at the municipal golf course.

### Distinguishing Features of the Class

An employee in this class leads and participates with employees in unskilled and semi-skilled maintenance needs. The employee determines chemical usage, selection of turf varieties, and irrigation and other efficient and effective maintenance methodology. The employee may also be utilized in the maintenance and supply needs of other Town owned properties and parks. The employee identifies equipment and supply needs and provides training, work quality assurance and technical guidance to permanent and seasonal staff. The employee is subject to hazards in turf maintenance work including working in both inside and outside environments, in extreme hot and cold weather, and exposure to various hazards such as noise, moving mechanical parts, chemicals, atmospheric conditions and oils. Work is performed under general supervision and is evaluated through observation and inspection of the golf course.

### Duties and Responsibilities

Leads and participates with maintenance staff in the daily set up and maintenance of golf course tees, fairways, greens, pin placements, sand bunkers, roughs, golf carts, water coolers, and other golf course accouterments.

Coordinates and implements short and long term course and turf management including planting, seeding, irrigation, chemical application, beautification, maintenance, and repair activities.

Operates and maintains electronic irrigation system; performs preventive maintenance and repair to the irrigation system.

Monitors assigned budget; purchases supplies, chemicals, tools and equipment.

Coordinates and participates in maintenance and minor repair of small to medium equipment.

Instructs employees in the proper work procedures, hazards, and safety precautions; provides feedback and quality assurance.

Leads and participates in activities such as mowing, aeration of greens, top dressing, verti-cutting, overseeding, re-sprigging or turf replacement, chemical applications, irrigation system maintenance and use, installation of plants, moving pins and tees, and other general course and equipment maintenance.

Operates a variety of light and medium equipment in various course maintenance activities such as mowers and tractors with various attachments, trimmers, aerators, etc.

Performs related duties as required.

### Desirable Education and Experience

Graduation from a technical or community college with a degree in turf management or closely related area and some experience in turf management work; or an equivalent combination of education and experience.

### Special Requirement

Possession of a Public Operators Turf and Ornamental Pesticide License.  
Possession of a valid North Carolina's Driver's License.

How to Apply: Please submit a completed employment application, which can be found on the town's website, [www.oakislandnc.com](http://www.oakislandnc.com) under the Job Opportunity page. Applications can be emailed, faxed, or mailed (see below)
